

Recent Graduate Follow-up Survey Graduates of 2013

The Recent Graduate Follow-up Survey collects aggregate data about recent graduates of member institutions of the Minnesota Private College Council. Please use the information your campus has collected from the 2013 graduating class to complete this survey. The results from this survey aid the Minnesota Private College Council in responding to questions about graduate outcomes. The information about graduate state of residence and employment status is particularly important in responding to questions about graduates' workforce participation in Minnesota.
