Highlights of GoogleDocs:

- Create documents from scratch or begin with free template
- Upload and edit files from your computer (Including documents, spreadsheets, and Powerpoint presentations)
- Share in real-time over the internet (No more sending back and forth!)
- Free storage for your documents
- Publish documents as webpages or to a blog
- Ability to see who edited what and when

Organize documents easily by type or folders!

Over **6 gigabytes** of storage!
That is over 6 times as much as our K:/ drives have.

GoogleDocs also gives you the ability to publish any document publicly. This is a great alternative to inviting people as viewers, especially when it is a whole classroom. Google will also automatically update the webpage with changes if you want.
