Upward Bound is a federally funded program, which provides fundamental support to participants in their preparation for college entrance. The program provides opportunities for participants to succeed in pre-college performance and ultimately in higher education pursuits. The goal of Upward Bound is to increase the rate at which participants enroll in, and graduate, from postsecondary institutions. We provide summer instruction in math, laboratory science, composition, literature, and foreign language. Other services include:

- Instruction in reading, writing, study skills, and other subjects necessary for success in education beyond high school
- Academic, financial, or personal advising
- Exposure to academic programs and cultural events
- Mentoring programs
- Postsecondary education information
- Assistance completing college entrance and financial aid applications
- College entrance exams
