

Park Nicollet Health Services

Park Nicollet Health Services announces a full time position for a Compliance Educator. This position develops, coordinates and leads education and training programs to Park Nicollet Clinic providers, professional coders and other billing and business services departments on compliant documentation, coding and billing. This is a highly visible position with provider interaction. The position acts proactively to minimize compliance risk.

The position requires expertise in reviewing documentation and determining CPT/HCPCS and ICD9 diagnosis/carrier coding and billing guidelines and regulations. The applicant will have successfully completed a coding certificate program and have two (2) years experience in health care organization coding. Must obtain a RHIA, RHIT, CCS-P, CCS, or CPC certificate within six (6) months of hire.
