

## **Student Achievement:**

Rebecca Lund, sophomore elementary education major, will receive a \$14,000 Philips Scholarship Award for a summer service learning project. This summer, Rebecca will be working with the Duluth School District and deaf and hard-of-hearing students. This project is mainly for students who are deaf and hard-of-hearing and mainstreamed in the schools. Many of these students have difficulties communicating with their hearing peers. Rebecca's objective is to build lasting relationships among deaf and hard-of-hearing students and their hearing peers, as well as to teach hearing students American Sign Language and about deaf culture. The College of St. Scholastica has had more students receive the Philips Scholarship Award than any other private school in the state of Minnesota. If you see Rebecca, please congratulate her for this honor!
