**Wilson**
- Accounting: intermediate
- Computer Science: computer science principles, programming with Java I & II, computer architecture, data modeling, software design, machine learning, data science, mobile device programming, computer security, project management
- HIM: concepts & principles, technologies in practice, medical

**Brita**
- Accounting: principles of financial, principles of managerial
- Biology: global challenges, antimicrobial, foundations of bio, microbiology, life science, human biology and heredity, genetics, medical terminology, bio of the cell, A&P I and II, biology of aging, cell biology

**Geanie**
- Accounting: principles of financial, principles of managerial
- Biology: global challenges, antimicrobial, foundations of bio, microbiology, life science, human biology and heredity, genetics, medical terminology, bio of the cell, A&P I and II, biology of aging, cell biology

**Nicole L.**
- Accounting: principles of financial, principles of managerial
- Biology: global challenges, antimicrobial, foundations of bio, microbiology, life science, human biology and heredity, genetics, medical terminology, bio of the cell, A&P I and II, biology of aging, cell biology

**Nicole N.**
- Biology: bio of the cell, microbiology
- Psychology: general, lifespan developmental, general sociology
- Chemistry: general chemistry I and II, nursing chemistry (1040)
- Nursing: HEC I, II, and III, REC I and II, professional NSG I, II and III, pathopharmacology, advisement for nursing labs/clinical rotations

**Olivia**
- Accounting: principles of financial, principles of managerial
- Biology: global challenges, antimicrobial, foundations of bio, microbiology, life science, human biology and heredity, genetics, medical terminology, bio of the cell, A&P I and II, biology of aging, cell biology

**Madissen**
- Accounting: principles of financial, principles of managerial
- Biology: global challenges, antimicrobial, foundations of bio, microbiology, life science, human biology and heredity, genetics, medical terminology, bio of the cell, A&P I and II, biology of aging, cell biology

**Abby**
- Accounting: principles of financial, principles of managerial
- Biology: global challenges, antimicrobial, foundations of bio, microbiology, life science, human biology and heredity, genetics, medical terminology, bio of the cell, A&P I and II, biology of aging, cell biology

**Mission**

The Tutoring Center, which connects Saints with other Saints who are knowledgeable on a given subject, is available to all undergraduate students and strives to teach skills and review content vital to academic success.

**Important Notes**

We have two services for online tutoring.

1. Most of our CSS tutors are available for one-on-one meetings over our Zoom online platform. Check out our scheduling website: csstutoring.setmore.com and selecting what class, tutor, and time works best for you. The tutor will be reach out to you soon after you schedule an appointment for follow-up details.

2. SmarThinking, an entirely online tutoring platform, is available for all CSS students. These tutors are from across the country and have 24/7 access. Check out my.css for the details.
abnormal, general, lifespan 
developmental, social, statistics, 
intro to counseling **Math:** calculus i 
and II **Chemistry:** general I and II, 
organic I and II, biochem I and II, 
physical chem I, analytical

**Physics:** general I and II (algebra 
based)

**Biology:** global challenges, 
antimicrobial, foundations of bio, 
microbiology, human biology and heredity, 
genetics, medical terminology, bio of the 
cell, A&P I and II, biology of aging, 
cell biology

**Psychology:** abnormal, general, 
lifespan developmental, social, 
statistics, intro to counseling

**Chemistry:** general I and II, 
organic I and II, biochemistry I

**Nursing:** health continuum I, 
professional nursing I, recipient of care I

**Accounting:** principles of financial, 
principles of managerial, intermediate, 
information systems

**Economics:** principles of microeconomics, 
principles of macroeconomics

**Math:** calculus I and II

**Chemistry:** general I and II, 
organic I and II, biochem I and II, 
physical chem I, analytical
