Security Awareness and Crime

It is the goal of The College of St. Scholastica to take a preventive rather than reactive approach to reducing crimes. The primary approach to accomplishing this goal is the College's crime prevention program. This program is based upon the dual concepts of eliminating or minimizing criminal opportunities, and encouraging students, faculty and staff to be responsible for their own security and the security of others. The following is a list of crime prevention programs and projects employed at the St. Paul Campus of The College of St. Scholastica.

- **Sexual Assault Awareness, Education and Prevention:** In cooperation with the College's Rape Awareness Task Force, rape awareness education and prevention presentations are made each year to the campus community.
- **Campus Crime Reporting:** Contact the program Director to report any criminal activity. This is a confidential reporting process that allows the campus community to report any criminal activity.
- **Security Alerts:** Notice is given to the campus community of any criminal activities on campus that might affect the safety of others. This is done by posting printed notices in the main reception area and through campus e-mail announcements.
- **Building Access:** The ground floor main building entrance is open:
Monday – Friday: 6:00 a.m. – 11:00 p.m.
Saturday: 6:00 a.m. – 11:00 p.m.

Please Note

The statistics in this brochure are provided in compliance with the Crime Awareness and Campus Security Act (CACSA) of 1990. Please be aware that these offenses are only those that the law requires colleges to report. Sadly, no community is immune to crime, and that is also true of our campus.

Even though CACSA 1990 does not require reporting “less serious” crimes, the College Administration believes that it is important to do so to insure that everyone takes proper precautions to prevent such occurrences. Please refer to the Crime Reporting Log located in the main office area for information on incidents that have occurred on our campus.

The College believes it is important that members of our campus community view this data realistically and remain vigilant to the possibility of criminal activity on campus. We ask that everyone make use of the security awareness and crime prevention programs mentioned on the previous page and report suspicious persons or activities to the program Director. If you become the victim of crime on campus, please report this as soon as possible. Not only may the criminal be apprehended, but your report might also save someone else from being victimized.

The College of St. Scholastica does not discriminate on the basis of race, color, creed, religion, national origin, sex, sexual orientation, disability, age, marital status, status regarding public assistance or local commission status in its policies, practices, or procedures.

Drug and Alcohol Policies

Philosophy: The goal of The College of St. Scholastica is to create an environment in which both the responsible use and nonuse of alcoholic beverages is respected, and in which the line existing between responsible drinking and abuse is recognized. Within the Benedictine tradition of hospitality, the College seeks to foster a healthy, respectful environment. The College respects and supports those who choose a lifestyle free of chemicals and offers support to those in recovery through support groups on campus, as well as through ongoing programs.

Statement of Alcohol Use: The use of alcoholic beverages is a right that the State of Minnesota extends to those persons who are 21 years of age or older. As an independent educational institution, the College extends the same right as a privilege to members of the community who are of legal drinking age. The College asserts that inappropriate behavior is not excused by consumption of alcoholic beverages and will hold individuals accountable for actions performed under the influence of alcohol. This includes actions both on and off campus that violate the rights or property of the members of the St. Scholastica community. Those individuals who abuse the privilege of responsible drinking will be helped to understand the necessity of responsible behavior with regard to alcohol use. The College is committed to providing resources, counseling, education and other opportunities to enhance this understanding. On-campus counseling and information regarding alcohol or other drug concerns are available through the Student Center for Health and Well-being and the Human Resources Office.

For more specific information about the College’s alcohol policy, violations, and sanctions for violations of the alcohol policy, see the Student Handbook.

Statement on Drugs Other Than Alcohol: The College of St. Scholastica does not condone the illegal use, possession, sale, manufacture or distribution of drugs or actions involving drugs, which may involve medical or psychological hazards to individuals, or actions involving drugs that may lead to interference with the rights and privileges of others.

Sexual Harassment and Sexual Violence Statement

The College of St. Scholastica is committed to the creation and maintenance of an environment for students, faculty and staff that is fair, humane, responsible and suited to a religiously oriented institution. The College of St. Scholastica will not tolerate any form of sexual harassment or violence directed against any member of the College community, and will take action to provide remedies when such harassment or violence is discovered. It is the policy of the College to abide by the federal and state laws that prohibit sexual harassment, intimidation and coercion. For more specific information about the College’s sexual assault policy, see the Student Handbook.
