LaTour/Eichenwald Forum on HIM Leadership and Innovation

DESCRIPTION
The LaTour-Eichenwald Forum on HIM Leadership and Innovation honors the pioneering spirit of two of Health Information Management's most highly regarded professionals. Kathleen LaTour and Shirley Eichenwald Maki retired from St. Scholastica's HIM department after a combined seven-plus decades of national leadership in education and in the profession. The forum, to be held annually at St. Scholastica, continues their legacy of HIM leadership by hosting an industry thought leader who exemplifies their commitment to the profession's advancement. The keynote address is directed to HIM undergraduate and graduate students and HIM professionals nationally. The endowment will provide funds in perpetuity to bring the speakers to campus, and to make their talks available digitally to audiences around the world, enhancing the College's stature as the academic leader in HIM.

Please join us in honoring Kathleen and Shirley's legacy by supporting this initiative.
