Definition and guidance for locating each element of a reference. (e.g., the author, date, etc.)	No clear guidance and no definition.	Clear guidelines are provided for including contributors other than authors and editors. For example, when citing a podcast episode, the host of the episode should be included; for a TV series episode, the writer and director of that episode are cited.	
		For dates, if there is a date for an update of a website, use the updated date as long as you are certain it is for the content you are referencing.	
Templates for creating references to follow for sources that do not have clear examples	General examples given, but no templates to follow.	Each category and reference type has a general template to follow to create references. These can be found in Chapter 10.	
Electronic Sources	Examples in the APA Style Guide to Electronic References.	Dozens of examples are included for online source types such as podcast episodes, social media posts, and YouTube videos. The use of emojis and hashtags is also explained.
