

eBooks

The CSS Library has thousands of electronic books (eBooks) that support our academic curriculum.

Our eBooks are able to either be viewed directly from Ebsco or else be checked out and downloaded onto a computer or a tablet device including a Nook, iPad, or Kindle. It has been our experience that it is easier to first find and save an eBook on to your computer and then transfer the eBook from your computer to either Nooks or iPads through the USB cable connection.

It is possible to also discover our eBooks in the Library's catalog, ScholastiCAT. When you search for books in our catalog, eBooks will also be included. You can also limit to that format in the right-hand column.

The screenshot displays the ScholastiCAT search interface. At the top, there is a search bar with the text 'Management' and a 'Find' button. Below the search bar, there are options for 'Select a location' (College of St. Scholastica) and 'Advanced Search'. The main content area shows search results for 'Management'. The first result is 'Academy of Management journal', the second is 'Management: inventing and delivering its future /', and the third is 'Management' by Montana, Patrick J. The right-hand side of the page features a 'Narrow Search' sidebar with filters for 'Topic', 'Year of Publication', and 'Format'. The 'Format' filter is expanded, showing options like 'Book', 'Nonfiction', 'Printed Book', 'Electronic Book', and 'Electronic Resource'. A red arrow points to the 'Electronic Book' option. Another red arrow points to the 'EBSCOhost eBook Collection' link in the third search result.

If you are on-campus when you come across an eBook in the catalog, click on the *EBSCOhost eBook Collection* link and you will be directed to that book in the Ebsco database.

Connecting Off-Campus

If you are off-campus, you will be prompted to an Ebsco sign in screen, and you do not have a log in that will work. Instead, if you are off-campus and wish to access an eBook, open up the database Solar from the Library's homepage. You will be prompted to enter your Novell username and password, which is what you use to log on to Blackboard, COR, or your CSS email. If you have trouble logging in, please call the IT help desk toll free 1-877-723-5911.

You can also find eBooks directly by going to our eBooks web page. Click on the *Books* tab on the Library's homepage and then on the *Ebsco eBook Collection* link

Searching for eBooks in SOLAR

Go to SOLAR on the Library's homepage css.edu/Library :

Type in a search term for what topic you wish to find a book on or else the book's title and click on the search button.

Once you get your results, limit to eBooks by clicking on the box in front of *eBooks* in the left-hand side column.

 eBook Full Text  Download (Offline)

 Table of Contents

This will now limit all the results for your topic to just eBooks, which can be viewed by clicking on *eBook Full Text* or else loaded by clicking on *Download (Offline)*. The advantage to downloading the book is that when you download it, you have exclusive access to the book for up to seven days, which prevents someone else from downloading it and taking away your access as eBooks can usually only be viewed one person at a time. The disadvantage is that to download it, there are a couple more steps. Underneath the title, click on either link.

Downloading an eBook

You will be asked to sign in to your Ebsco account. Click on the link *Sign In Now*.

Please sign in to check availability and download.

- ✓ Save preferences
- ✓ Organize your research with folders
- ✓ Share your folders with others
- ✓ View others' folders
- ✓ Save and retrieve your search history
- ✓ Create email alerts and/or RSS feeds
- ✓ Gain access to your saved research remotely

Fill out the form. Be sure to jot down you username and password for future use.

*Note: Signing in to MyEBSCOhost also gives you the ability to save your search history, results list, and favorite citations/articles. This is especially useful when doing multiple searches on a specific topic over a longer period of time or when you conduct a search but do not have the time to go through all of the results as you will be able to come back to your search later.

You now have the option to choose from 1 to 7 days for how long you wish to check this eBook out and have it available to you. Click on the arrow next to the *Checkout Period (in days)* to select how long you wish to have the eBook. Then click on the yellow *Checkout & Download* button.

Download This eBook (Offline)

Title: Case Management of Long-term Conditions : Principles and Practice for Nurses

Checkout Period (in days): 7

Format: PDF

Checkout & Download Cancel

Viewing Requirements

Adobe® Digital Editions 1.7.1 or higher is required for offline viewing. ?

The free download (Windows® and Mac OS) takes less than a minute to install over a broadband connection.

*Note: You will need to have Adobe Digital Editions to view the eBook. Click on the *Adobe Digital Editions* link under *Viewing Requirements* if you need to install it on your computer.

ADOBE® DIGITAL EDITIONS

Digital Editions makes it easy to transfer protected eBooks between multiple computers and mobile devices. To enable these features, you need to authorize each of your machines with your Adobe ID. [More Info](#)

If you don't have an Adobe ID, it's free and easy to [get an Adobe ID online](#)

Authorize Computer (Recommended)

This option enables you to read protected items that you download with Digital Editions on up to six computers and mobile devices. It also enables you to restore your eBooks from backup should you ever need to re-install your operating system.

Please enter your Adobe ID and Password below, then click Activate.

Adobe ID (email address)

[Did you forget your Adobe ID?](#)

Password

[Did you forget your password?](#)

Don't Authorize Computer

With this option, protected items that you already have or download later will be "tied" to this particular computer, will not be readable on other computers or devices, and can't be restored from backup if the operating system is re-installed.

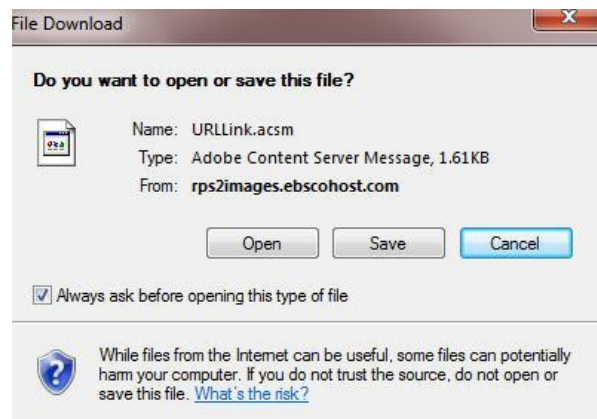

Go Back Cancel Activate

Installing Adobe Digital Editions

To install, click on the *Install* link on the Adobe Digital Editions web site.

The screenshot shows the Adobe Digital Editions website. At the top, it says "Adobe Digital Editions" and "MAKE READING AN ENGAGING EXPERIENCE". Below this is a navigation menu with "NEXT STEPS" (Download now, Get support), "DIGITAL EDITIONS HOME", "PRODUCT INFO" (Sample eBook library, Features, System requirements, FAQ, Release notes (PDF, 98KB), Help, Supported eBook devices), "SEE ALSO" (User to User Forums, Support Center, Digital Publishing Platform), and "RELATED PRODUCTS" (Digital Publishing Suite, Adobe Content Server 4). The main content area is titled "Install Digital Editions 1.7.2" and includes a description of the software, a list of languages supported, and a list of top features: "Interface designed for digital reading", "Fast, free download", "Standalone installer", and "Content portability". At the bottom left, there is a button labeled "Install" with a book icon.

Go through the steps to help you install it. When you get to this screen, choose to authorize your computer so you can share eBooks between your computer and your mobile devices including your Nook. Enter your email address and password and click *Activate*.

Click on *Save* to save the eBook to your computer.

You have now checked out the eBook and saved it to your computer.

 **Download This eBook (Offline)**

 **The eBook was checked out successfully**

The system should have automatically prompted you to download (save) the eBook file. If not you may re-download this title from your "Checkouts" folder.
[View Your Checkouts Folder Now](#)

Having Trouble?
After downloading the files you must view eBook titles with Adobe Digital Editions software and also enable DRM

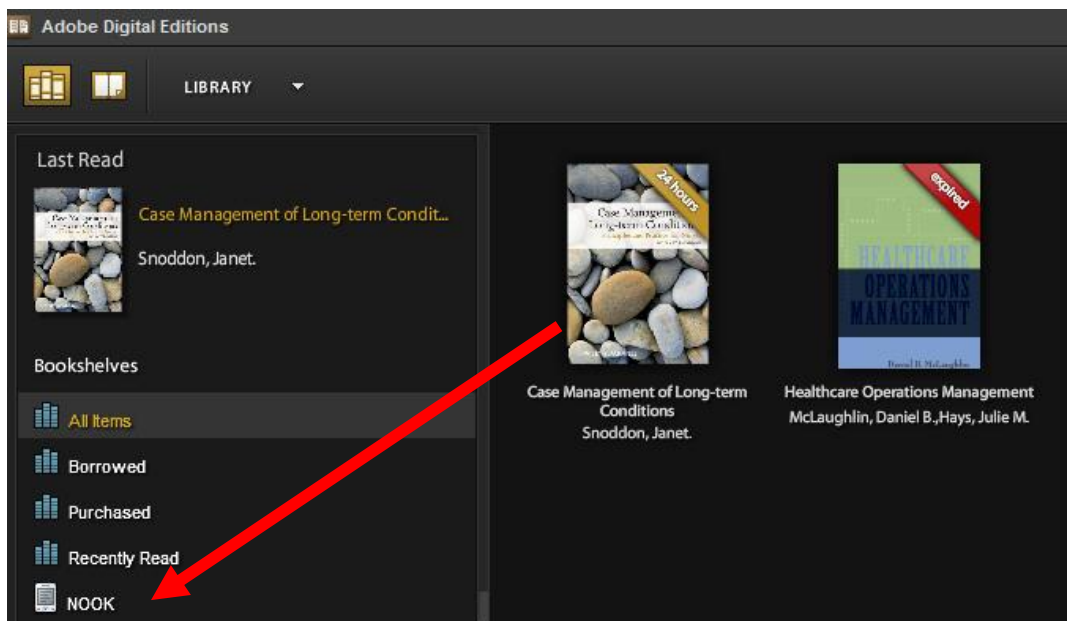

Viewing Requirements
Adobe® Digital Editions 1.7.1 or higher is required for offline viewing. 

The free download (Windows® and Mac OS) takes less than a minute to install over a broadband connection.

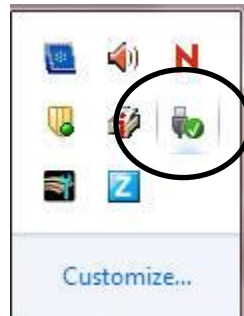

Once you have it saved on your computer, you can click on Adobe Digital Editions to open up the eBooks you have stored in there. When a book is no longer available to you as the checkout time has expired, you will see a red band saying *Expired* over the upper right-hand corner of the book's cover.

Moving eBooks from Computer to Nook

If you wish to move the eBook to your Nook, plug in the Nook to your computer with the USB cable. Your Nook's screen will now say, "USB Mode You may now safely move files from your PC to NOOK. Please properly eject NOOK from your computer to avoid file transfer problems." To move a book to your Nook from your computer, click on the cover of the book and drag it to Nook, which is listed on the left-hand side column under *Bookshelves*.

To properly eject Nook from your computer, click on the button that says *Safely Remove Hardware and Eject Media*. It has a green circle and check mark on it. You will find this in the very lowest right-hand corner of your computer screen. You can now select Eject Nook and it will tell you that it is safe to unplug the USB cable from your computer. Your Nook will now go back to its main opening page.

To get to the eBook you have just put on your Nook, click on the *n* button on the bottom side of the screen to get to the menu. Select *library* and you will see all the titles of the books that are on your Nook including the one you just added. Click on the title and then use the raised lines to the right of the screen to turn the pages. The Nook will stay on the page where you left it so when you come back to the book, it will be on that page.

When the lending time for the eBook is up, your Nook will say, “Error Dialog The lending period for this eBook has expired.” You are able to check it out again though starting with the first step and locating the eBook in the Library’s EBSCO database.

Moving eBooks from Computer to iOS devices (iPad, iPod, or iPhone)

1. Get the free App [Bluefire Reader](#) onto your device.
2. Install iTunes (version 10.0 or higher) onto your computer <http://www.apple.com/itunes/>
3. Install Adobe Digital Editions to your computer for free from the following link: <http://www.adobe.com/products/digital-editions/download.html>
4. During installation, you will be prompted to ‘Authorize Computer’. If you do not already have an Adobe ID, click this link to create an Adobe Digital Editions ID: https://www.adobe.com/cfusion/membership/index.cfm?nf=1&nl=1&loc=en_us You must authorize both Adobe Digital Editions and the Bluefire app with your Adobe ID.
5. Once you have found a book in the Library’s EBSCO database, logged in, and checked it out (see above instructions), select *Open in Adobe Digital Editions* and click *OK*.
6. Digital Editions sees the .acsm file, automatically downloads the PDF to your computer, and unlocks the file's Digital Rights Management (DRM). The book can now be read in Digital Editions.
7. After downloading the eBook to your computer, you must find the (.pdf or .epub) file on your computer and use iTunes to transfer it to the device.

8. Digital Editions stores your eBook files in a default location on your computer:
On OSX: your-home-directory/Documents/Digital Editions
On Windows: your-home-directory/Documents/My Digital Editions
9. Once you have located your eBook file, use iTunes to transfer the eBook to Bluefire Reader.
10. Connect your iPad, iPhone or iPod touch with Bluefire Reader v1.2 (or higher) to the computer that has iTunes, Digital Editions, and the eBook file on it.
11. Your device should appear under *Devices* in the left column of *iTunes*.
12. Click on your device in the left column.
13. Click on the Apps tab for your device at the top of the main iTunes window.
14. The *File Sharing* panel appears under the *Sync Apps* panel.
15. Click on *Bluefire* or *Bluefire Reader* under *Apps* in the *File Sharing* panel.
16. The eBooks you have in Bluefire Reader should now appear in the *Documents* list to the right.
17. Click the *Add...* button at the bottom of the *Documents* list and browse to your library book in the *Digital Editions* default documents directory and then choose the file.
18. iTunes transfers the file to your device and Bluefire Reader automatically adds this item to your Bluefire Reader Library.
19. Open your eBook in Bluefire Reader to begin reading.

Downloading eBooks on Kindles

1. Get the free App for your Kindle here: <http://tinyurl.com/kindlebluefire>

Note: You will need to enable your device to allow installation of third party apps from the settings menu before downloading and installing the Bluefire app.

2. You will also need an Adobe Digital Editions ID. Create an Adobe Digital Editions ID at the following link:

https://www.adobe.com/cfusion/membership/index.cfm?nf=1&nl=1&loc=en_us

Note: You must authorize the Bluefire app with your Adobe ID. Before you download an eBook to Bluefire, you must authorize the app with your Adobe Digital Editions ID. To authorize the App, open the Bluefire app from your Kindle Fire's applications menu. Enter your Adobe ID and password in the fields provided. Tap *Authorize*. You will only need to install BlueFire and create an Adobe Digital Editions ID once. After this has been done, you will only need to tap *Download* any time you wish to download and read an eBook on your device. Your device is now authorized to read EBSCO eBooks.

3. To download an eBook, use your Kindle Fire's web browser to run a search on EBSCOhost or EBSCOhost Mobile and tap an eBook image in the result list for the eBook you would like to download.
4. Tap the *Download (Offline)* link for the eBook you would like to download.
5. If you are not logged into your personal My EBSCOhost folder, you are prompted to do so.
6. Select a Checkout period from the drop-down menu and tap the Checkout & Download button.
7. The eBook is added to the Checkout area of your My EBSCOhost folder and begins to download to your device.
8. Bluefire should automatically open and prompt you to view your library or begin reading the eBook. You may now begin reading the eBook on your Kindle.

Note: After your eBook checkout expires, the eBook file is still be on your device but cannot be opened. You must remove the file manually by opening Bluefire and selecting to remove it from your library.
