

JSTOR: Arts and Sciences Collection

Complete runs of hundreds of journals across a wide variety of disciplines. JSTOR serves as a digital archive of older issues. The current 5 years of the journal are “embargoed” and not available.

Accessing the Database

Go to the Library Homepage css.edu/Library

Select *Databases, A to Z* from the column on the left or click on the *Articles* tab at the top.

Library News

No. 126

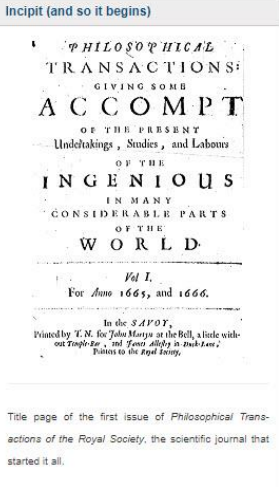

This beautiful Barred Owl visited our Duluth campus over Thanksgiving becoming the 126th bird on our local species list. Visit our [Catalog of Birds](#) to see more photos and an article on the call of the Barred Owl which was written by our colleague, Dr. Pam Freeman.

Once on Articles page, select the database you are interested either by finding it in the Best Bets tab or else by clicking on the Databases, A to Z link for an alphabetical listing of all the databases the Library subscribes to. If you are on campus, you will not need a password. Look at the other tabs and boxes for more help with finding the full-text of articles, tutorials, and more.

SOLAR

SOLAR is a database of databases. It searches all our Library resources and even some we don't own. It's a little like the old "feeling lucky" button in Google. But just like Google, or any tool, there is right time to use it. And like Google, the results can be overwhelming. Sometimes using one of our focused, discipline-specific databases can make you luckier.

- SOLAR

If you are off campus, when you click on the title of the database, this window will automatically pop up:

Database Access via The College of St. Scholastica Library

Please enter your username:

Please enter your password:

Your network login is active as long as you are a registered student, faculty or staff member of The College of St. Scholastica.

Enter your Novell username and password (what you use to log in to Brightspace, your CSS email, or any computer in a lab on campus).

**Note: If you have trouble logging in, please contact the IT help desk (helpdesk@css.edu or 218-723-7007).

Searching

Main Page – Enter your search term in the box and click on the magnifying glass to begin searching. Click on the *Advanced Search* link below the search box for more options.

Advanced Search - Click on the *Advanced Search* link to combine multiple ideas of your topic and also search by author, journal name, title, item type, etc.

The image shows the JSTOR Advanced Search page. At the top, there is a header with the text 'Advanced Search' and a link to 'Search Help'. Below the header, there are two input fields for 'KEYWORD' and 'SECOND KEYWORD'. The 'KEYWORD' field has a dropdown menu set to 'All fields'. The 'SECOND KEYWORD' field has a dropdown menu set to 'AND' and another dropdown menu set to 'All fields'. Below these fields, there is a red button labeled 'Add a search box'. Below that, there is a dropdown menu labeled 'SELECT AN ACCESS TYPE' with the option 'Content I can access'. Below that, there is a red button labeled 'Submit Advanced Search'. Below the button, there is a section titled 'Narrow Results'. Under 'Narrow Results', there is a section labeled 'ITEM TYPE' with four checkboxes: 'Articles', 'Research Reports', 'Reviews', and 'Miscellaneous'. Below that, there is a section labeled 'LANGUAGE' with a dropdown menu set to 'All Languages'. Red arrows point to the 'Advanced Search' link in the top navigation bar, the 'Add a search box' button, the 'Submit Advanced Search' button, the 'Narrow Results' section, and the 'ITEM TYPE' section.

Click on the dropdown arrow at the end of the *All fields* box to search by author, item title, abstract, or caption.

To string your terms together, click on the drop down arrow at the end of the *and* box. Choose AND, OR, NOT to broaden or narrow your search. NEAR 5, 10 or 25 helps with proximity searching.

AND – narrows searches by combining terms. Citations must have **all** your terms to be included in results list. Ex. Shellfish AND allergy AND precautions.

OR – broadens searches by searching for all terms separately. Citations will have **either** term. Ex. Higher Education OR College

NOT – narrows searches by excluding a portion of a large topic. Citations will have the first term but **NOT** the second term. Ex. Dogs NOT Poodles, Management Styles NOT TQM

You can limit your search by type of article, a date range, language, and within a given discipline or journal.

You can narrow your search by an item type, language, publication date, journal or book title, or journal filter.

Click the *Search* button when you are done constructing your search.

Results List

Results Screen – JSTOR is unique in that any journal that is in its database is full text back to its beginnings. So all articles in JSTOR are full text. Click on the article title to view the full text. You can sort the results by relevance, newest to oldest or oldest to newest by clicking on the pull-down arrow next to *Sort by*. Click on the boxes in front of articles you are interested in. You can then save, email, export, or track these selected citations.

Click on the title of the article to get more information or the links to the right to download the full text of the article as a PDF or cite it. Use the links to the left to filter your results by academic or primary source content, date, or access type.

The screenshot shows a JSTOR search results page. On the left, a 'Refine Results' sidebar is visible, containing a search box and two sections of filters: 'ACADEMIC CONTENT' (with options for Journals, Book Chapters, and Research Reports) and 'PRIMARY SOURCE CONTENT' (with options for Serials, Documents, and Books). Red arrows point to the search box, the 'Journals' filter, and the 'Documents' filter. The main results area shows '10,866 results' and a 'Sort by: Relevance' dropdown. Below this, a list of results is shown, with a checkbox next to 'JOURNAL ARTICLE' and a red arrow pointing to the article title 'Paul Klee'. To the right of the article title, there are three buttons: 'Download PDF' (highlighted in red), 'Save', and 'Cite'. A red arrow also points to the 'Download PDF' button. The article snippet below the title reads: 'Will Grohmann, Edith Karush Chicago Review, Vol. 8, No. 2 (Spring - Summer, 1954), pp. 78-87 ...by Edith Karush PAUL KLEE Paul Klee did not value his drawings less than his colored illustrations and only in exceptional cases parted with them. For a long time it seemed as if he was destined to be a designer and drafts man; and until the age of 25 he...'

Article Information

When you click on the title of the article, you will see the full text of the article.

To the top right you can *Share* including sending this to email, *Save*, or *Download PDF*.

Below the journal to the left, click on *Cite this Item* or view the journal's information.

The image shows a JSTOR article page. On the left sidebar, there is a section for 'Cite this item' with a red arrow pointing to it. Above it are links for 'Share', 'Save', and 'Download PDF', with a red arrow pointing to 'Download PDF'. The main content area shows the article title 'Paul Klee's Originary Painting' and the author 'Alejandro A. Vallega'. The page also displays the journal title 'Research in Phenomenology' and the volume information 'Vol. 43, No. 3, 2013'.

Exporting Citations to EndNote

(see [instructions for EndNote](#) for information on how to use this program)

Click on the *Cite This Item* link to either copy the citation format you wish to use or click on *Export a RIS file* to export the citation for EndNote.
