Accessing the Database

Go to the Library Homepage css.edu/Library

Select *Databases, A to Z* from the column on the left or click on the *Articles* tab at the top.

The screenshot shows the library homepage with several red arrows highlighting key features:

- Top navigation bar: Home, Getting Started, Encyclopedias, Books, Articles, Citation Help, Archives, Friends.
- Notice box: "NOTICE: Due to rising rates of COVID-19 in our community, the CSS library is closed to community members & area students. The Library is only open for use by CSS students, faculty, and staff as well as members of the St. Scholastica Monastery."
- Search bar: "Keyword Search SOLAR for books, articles, and more ... Search".
- Left sidebar: "Welcome to the Library" section with links: Links, Contact Us, Hours, SOLAR, ScholastiCAT, Databases, A to Z, Newspapers, LibGuides, Interlibrary Loan, e-Reserves, Distance Students, Tutorials for Library Resources, Faculty Resources.
- Center: "What do you need help with?" section with a question field, "More Detail/Explanation" field, and "Your Info" section with an email field.
- Right sidebar: "Library News" section with a photo of a metal candle holder and the text: "Library acquires art by Sr. Constantina. The Library has acquired a collection of metal candle holders created by Sister Constantina. Sister Constantina Kakonyi, S.N.D., was a professor & artist-in-residence at the College for over 40 years before returning to her".

Once on Articles page, select the database you are interested either by finding it in the *Best Bets* tab or else by clicking on the *Databases, A to Z* link for an alphabetical listing of all the databases the Library subscribes to. If you are on campus, you will not need a password. Look at the other tabs and boxes for more help with finding the full-text of articles, tutorials, and more.

SOLAR

SOLAR is a database of databases. It searches all our Library resources and even some we don't own. It's a little like the old "feeling lucky" button in Google. But just like Google, or any tool, there is right time to use it. And like Google, the results can be overwhelming. Sometimes using one of our focused, discipline-specific databases can make you luckier.

Keywords Author name Journal/book title Volume Issue Pages Advanced search

Advanced Search Page - Type your search terms onto the lines for however you wish to search for your articles such as by keyword, author, journal, etc.

You can also combine terms to narrow your search - combine multiple terms, synonyms, and alternate spellings by using the Boolean terms AND, OR, NOT. These terms can help you to broaden or narrow your search.

AND – narrows searches by combining terms. Citations must have all your terms to be included in results list. Ex. Data compression AND Music.

OR – broadens searches by searching for all terms separately. Citations will have either term. Ex. Higher Education OR College

NOT – narrows searches by excluding a portion of a large topic. Citations will have the first term but NOT the second term. Ex. Dogs NOT Poodles, Management Styles NOT TQM

Place these Boolean terms **ALL IN CAPITAL LETTERS** between your search terms.

Limit your search for more precise results by choosing an article type.

Click *Search* located at the bottom of the search box to pull up your results.

Results List

Results Screen – you will see a list of citations. Click on the article titles to view the full-text. Mark articles you are interested in by checking the boxes before the titles, and then above the results you can export citations or download the PDFs for those available full text.

See the column to the left to refine your results by year, article type, publication title, etc.

Below each article citation you will see some or part of the following choices:

Download PDF – an exact replica of the article scanned in from the journal.

Abstract – a summary of the article.

Export – Export citation to RIS allows it to be imported to EndNote (see end of tutorial for more information on that.)

Exporting Citations to EndNote

(see [instructions for EndNote](#) for information on how to use this program)

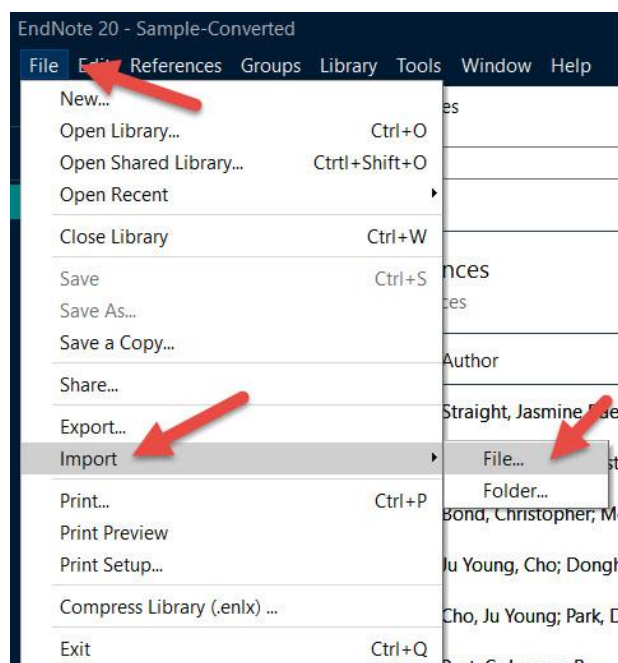

Click on the *Export* link above the article and then select *Export citation to RIS* for EndNote.

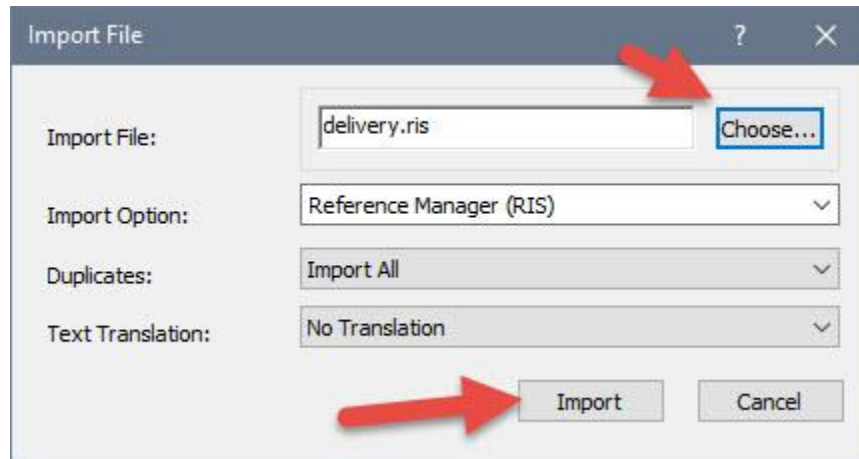

Click on the *Save* button when you have selected where you wish the file to be saved.

Open the EndNote library you wish to add the citation to and in the *File* tool bar option, select *Import* and *File...*

Click on *Choose...* to select the file you just saved and click on *Import* once you have selected it.

Your citations will now automatically be added to your EndNote library.
