  - Certain Graduate Students
    - (Athletic Training, Exercise Physiology, Post Bach Nursing, Physical Therapy, and Occupation Therapy)
  - Optionally for:
    - All other students who choose to receive care in SHS

### Personal Insurance Charges:

**How Much is Charged?**
The total charge to personal insurance is dependent on the services that were provided during the visit.

**When is personal insurance charged?**
- Appointments with a Nurse Practitioner in SHS
- Physical Exams (Sports Physicals, Routine Physicals, Annual/GYN Exams)
- Continuation of Care (Anxiety, Depression, ADHD*, etc)
  - (*ADHD diagnosis needs to be already established)
- Diagnosis & Medical Management of Chronic Illness
  - (Asthma, Migraines, High Blood Pressure, etc.)

**How is the charge placed?**
Billed visits are charged to patients’ personal insurance. Charge amounts that are not covered by the insurance company, such as deductibles, will be placed on the patient’s student account. Patients should receive an Explanation of Benefits from personal insurance companies explaining what charges will and won’t be covered by insurance. Questions regarding non-covered amounts should be directed to patients’ personal insurance company help lines.
