

The College of St. Scholastica
Duluth, MN
Upward Bound Math/Science (UBMS)

Travel Permission Slip

During the year, The College of St. Scholastica's Upward Bound Math/Science Program regularly takes students outside of their homes and schools on educational and recreational field trips (special conference or speaking events, college visitations, Saturday Sessions, etc.) We also make frequent use of such trips during our summer program. On all of these trips UBMS staff members provide adequate supervision.

These trips occur during the school day, after school, or during the summer program. Obtaining repeated parental permission for such trips is bother-some and a nuisance for parents, students, and the program alike. Therefore, we would like you to give your child general permission to attend all program trips.

My child has my consent to attend UBMS Program field trips. I understand the arrangements, and believe the necessary precautions and plans for the care and supervision of my child during the trip will be taken. Beyond this, I will not hold The College of St. Scholastica, the UBMS program, or those supervising the trip responsible.
