Financial Documentation

U.S Department of Homeland Security regulations require the college to maintain records showing you have met its financial requirements (as well as its academic and language proficiency requirements). **You are responsible for demonstrating sufficient funds to meet all educational and personal expenses for the duration of your F-1 status at the college.** This means you must provide proof you have at least the amount necessary to cover your tuition, fees, living and personal expenses for your first academic year (typically nine months). Please note: If you bring your spouse or other dependents with you to the United States, you must certify you have the additional funding necessary to cover their additional costs.

Official proof of funding cannot be more than 3 months old at the time of application and funding needs to be in liquid assets only. Funds do not need to be in U.S dollars. All documentation needs to be provided in English or with English translation.

The documentation of funding (for applicant, family member & individual sponsor) must be on original bank letterhead stationery with a signature of a bank official in ink. A photocopy of a bank statement, stock statement, savings account statement or certificate of deposit will also be accepted if it is stamped by the issuing bank in original stamp ink **and** has a signature of a bank official in ink.

* If funding will be provided by a family member or individual sponsor their signature is required on the bottom of this form. If a signature cannot be obtained on this form, an original letter with an original signature in ink from the family member and/or individual sponsor is required. The letter must indicate the amount the family member or individual sponsor is willing to fund per year, and the length of time the funding will be available.

All financial documentation must be received before your immigration paperwork can be issued.

Scholarship

Documentation of outside (non-St. Scholastica) scholarships you will receive is also required. This documentation must include a copy of the award letter and the details of the scholarship(s).

If you are applying for a scholarship at St. Scholastica, you will still need to indicate the amount you and/or your family member and/or your individual sponsor will be funding. Scholarships are awarded for four years and will not be increased, each student has requirements to meet in order to continue to receive the same level of scholarship for each year. Scholarships are not guaranteed and if you do not receive a scholarship, you will be asked for additional proof of funds.
